Kiwanis Takeover 2017

Burbank Key Club recently attended Kiwanis Takeover, an event in which the Kiwanians and the new executive board come together to kick off the beginning of the new term. This year's theme was "Planting the Seeds of Service", and Burbank High School Key Club has planted a seed for a successful term filled with happiness and new experiences. During Takeover, the new board meets and establishes new friendships, not only with each other, but with the Kiwanians as well. In addition, delicious food is served, fun games are played, the spirit of Key Club grows, and auctions for Key Club merchandise take place. Over \$200 was raised and donated to Key Club! We the Key Clubbers, must always give our Kiwanians special thanks for giving us an endless amount of support and allowing the Burbank High School legacy to continue.

"I'm happy how it went because all our new board members had fun."

-Darren Kim, BHS Key Club Vice President

Burbank High School Executive Board 2017-2018

Sarah Hirano gives Dr. Lilly the "Fine-Free Badge".

"Takeover was, as usual, successful not only financially but also socially. We were able to establish a strong foundation for the relationship between the new board and Burbank Noon Kiwanis. I received so much positive feedback about the event, so the Kiwanians loved it too! In addition, we raised over \$200 for Burbank Key Club!"

-Sarah Hirano, BHS Key Club President

Dr. Lilly, Rebeca Gasper, and Daniel Park... "How do you feel?"
